

TDI VISION

We aim to be the top class service and product provider and take an eminent position in the general insurance market. We will seize opportunities for profitable growth to generate value for the stakeholders.

We will strive to achieve the above by:

- Conducting direct insurance business through call centre, internet and web based service.
- Prudent underwriting practices with effective risk management.
- Creating synergy and market niche through the groups' customer base.
- High level intake of insurance professionals with effective training and growth opportunities.
- Offering value added service to the customers.
- Settling claims fairly and with promptitude.
- Effective treasury and fund management.
